WELCOME FROM THE PRESIDENT

Dear Colleague,

It's my great pleasure to invite you to participate at the **5th International Conference on Thoracic Oncology (CIOT)** that, in its biennial recurrence, will take place in Naples from June 23rd to June 25th 2016 and that I have the privilege to chair. Setted immediately after ASCO, the Conference will give an update on the data coming from clinical research in Thoracic Oncology, directly from the voice of its more representative Authors in an appointment that by alternation with the World Congress on Lung Cancer of IASLC, we would like more to be lasting inside of the international congressional track.

About the 70% of Faculty is composed of foreign speakers, international KOLs deeply involved in the field of lung cancer treatment and research. Foreign delegations are expected and welcome. The official language of the Conference will be English.

The city of Naples and the Conference location, just on the waterfront and Castel dell'Ovo, will be the appropriate frame for this exciting event.

I'm trusting that you should appreciate the effort of the organizing secretariat to realize this scientific meeting, doing credit to us with your attendance in Naples.

Arrivederci

The President of 5th CIOT
Cesare Gridelli
